

Assembly Bill 469 requires the Clark County School District to allocate at least 85 percent of unrestricted funds to school strategic budget workbooks for the 2018-2019 school year and prescribes that the Board of School Trustees must approve any authority transferred to schools to carry out responsibilities. On January 11, 2018, the Board of School Trustees approved the transfer of authority for carrying out certain responsibilities through the service level agreement (SLA) process and the transfer of funds to school budgets.

1. Purpose of Service and Agreement

This SLA represents an agreement between the Landscaping and Grounds Department in the Facilities Division and the school for the provision of landscaping and grounds support to schools, while creating a safe and healthy environment.

2. Minimum Requirements

Clark County School District has an estimated 80 million square foot of improved landscape area at the schools. The cost to replace this asset would be well over \$250 million dollars. Plant density and species type were selected to meet county and city standards and irrigation systems were designed to keep these assets alive while providing irrigation efficiency. It should be the minimum requirement of CCSD to maintain these assets and provide a safe and aesthetically pleasing environment for the students and staff of this district.

The following laws, policies, and regulations apply to this service:

- Provisions of OSHA 1910 General Industry Standards
<https://www.osha.gov/>
- Clark County Department of Air Quality
<http://www.clarkcountynv.gov/airquality/Pages/default.aspx>
- Southern Nevada Health District
<http://www.southernnevadahealthdistrict.org/permits.php>
- County and City Development Standards

3. Budget Overview

*Please note that in this SLA all allocations are estimated based on the 2019 Final Budget.
Revision is possible after the development of the 2019 Amended Final Budget.*

Total amount allocated to schools for this service	\$74,455,197
Amount allocated to each school	\$1,589.74 per acre
General Allocation Methodology	Formula based on total and school site acreage

Please see *Section 8. Budget Detail* for more information.

4. Quality Assurance

Specific feedback to the department regarding the quality of services provided under this agreement may be provided at the following link: whateveritis.com

5. Recourse if Dissatisfied with Level of Service

If a principal enters into this agreement and is dissatisfied with the services provided, the principal may express a desire to modify this agreement or terminate the services for future school years while developing the Plan of Operation for that school year. Please note that any changes that may result in a reduction in positions or a recommendation for outsourcing will require approval by the Board of School Trustees.

6. School Guidelines and Responsibilities

Responsibilities

Schools are responsible for:

- Submitting all Landscape Maintenance work orders through the online Facility Asset Management Information System (FAMIS).
- Communicating with the Landscaping and Grounds Department, in a timely manner, about any concerns or safety issues, i.e.; sprinkler line breaks, flooding and runoff, broken limbs, dying grass, upcoming events requiring special attention and concerns of rescheduling visits because of holidays.

Decision Making Over the Provision of the Service

Schools have the opportunity to assess the needs of their campus and change the function of a certain area (i.e.; school gardens) as long as they comply with the requirements of a site-funded project. All approved site-funded projects not able to be completed by Landscaping and Grounds should be sent through the Purchasing Department to ensure compliance with NRS statutes.

7. Scope of Work for the Assessment Department

Below is the Landscape Maintenance Scope of Service. The seasons listed below are broken down as such: Spring starts March 1, Summer starts June 1, Fall starts September 1, and Winter starts December 1. The boxes with "x" highlighted in yellow are considered as needed maintenance needs, i.e. grass starts growing early because of warm weather and weekly mowing needs to start May 14.

LANDSCAPE CREW: <i>Composed of two members when fully staffed. Crew schedules visits on a set day weekly, typically two elementary schools and one middle school per day</i>	SPRING	SUMMER	FALL	WINTER
Yearly corrective pruning	x		x	
Raking of all shrub beds and disposal of all weeds and debris	x		x	
Perform light general maintenance, clearing plant debris and raking		x		

Removal and replacement of dead or dying plant material that has adequate irrigation present	x		x	x
Provide weed control (chemical and removal) for unsightly weeds	x	x	x	x
Provide one spring and one late summer lawn fertilization	x	x		
Provide pest control, i.e.; bees, ants, possible rodent control	x	x	x	x
Mow weekly	x	x	x	
Spot mow and mulch leaves	x		x	x
Edge lawn areas and weed-eat bi-weekly with mowing	x	x	x	
Accomplish work orders desired by school administration and approved by Grounds supervisor	x	x	x	x
Accomplish site funded projects agreed upon by school administration and Grounds supervisor	x	x	x	x
Grounds supervisor performs site inspections and shares with site administration on a quarterly basis	x		x	x

HIGH SCHOOL GARDENER: Currently composed of 44 site-based Gardeners	SPRING	SUMMER	FALL	WINTER
Schools hire, evaluate, and supervise site-based gardener	x	x	x	x
High School gardeners should be expected to perform same duties as listed above for crews inclusive of lining of sports fields	x	x	x	x
As current practice, site-based gardeners report to Grounds regional yards to assist Grounds every other Tuesday	x	x	x	x
Grounds provides training to new hire gardeners	x	x	x	x
Landscaping and Grounds provides mowing service to schools in case of unforeseen absences over two weeks by site gardener	x	x	x	
Grounds supervisor performs site inspections and shares with site administration on a quarterly basis	x		x	x

IRRIGATION TEAM AND TECHNICIANS: Composed of two crew members when fully staffed. Responsible for between 25 to 32 sites including administrative sites	SPRING	SUMMER	FALL	WINTER
Crews visit each site twice monthly, but schedule is determined by site generated work orders and/or preventive maintenance work orders generated by crew supervisor	x	x	x	x
Team responds within two hours to shut down broken mainlines to reduce waste	x	x	x	x
Yearly maintenance expectations: greasing of pumps, raising and straightening of heads, repair of leaks, station by station run through assuring all components working correctly, bubblers buried	x	x	x	x

Accomplish work orders desired by school administration and approved by Grounds supervisor	X	X	X	X
Accomplish site funded projects agreed upon by school administration and Grounds supervisor	X	X	X	X
Irrigation Technicians provide electrical repair to irrigation clocks and electrical components	X	X	X	X
Water Manager controls water scheduling through central computers	X	X	X	X
Quarterly inspections include irrigation issues	X	X	X	

The following services are provided at no cost to schools; the funds to support these services are not included in the school allocation for Landscaping Services.

EQUIPMENT OPERATORS/ATHLETIC FIELD CREW: <i>Composed of six Equipment Operators and a two-man athletic field crew</i>	SPRING	SUMMER	FALL	WINTER
Equipment operators and athletic field crew prepare fields for scheduled athletic events at High Schools	X		X	X
Shaping and leveling dirt infields and warning tracks for baseball and softball fields	X			X
Clear Bermuda grass, weeds, and fill jump pits for track and field	X			X
Aerate and level sports fields yearly	X	X		
At the end of April, fall sports fields are assessed and sod needs are determined. Grounds attempts to fill all bare spots in stadium fields and soccer fields	X	X		
Athletic field crew may assist in initial layout and lining of fields for new HS Gardeners and for Middle School soccer	X		X	X
Grounds provides asphalt sweeping 2 times yearly	X	X	X	X
Respond to flooding events and wind events within 24 hours	X	X	X	X
Accomplish work orders requested by site administration and approved by Grounds supervisor	X	X	X	X
Accomplish site funded projects agreed upon by school administration and Grounds supervisor	X	X	X	X

TREE CREW: <i>Composed of a supervisor and three Gardener I helpers</i>	SPRING	SUMMER	FALL	WINTER
Tree maintenance over 10 feet, removal of large trees and mulching of waste	X	X	X	X
Provide yearly trimming of all 2,500 district palm trees	X		X	X
Complete work orders to prune broken branches and safety hazards like low hanging branches but some work orders may get delayed for the health of the tree	X	X	X	X

MOWER SHOP: Composed of a supervisor, one technician, and one assistant technician	SPRING	SUMMER	FALL	WINTER
Maintains Grounds mower fleet and grounds equipment to assist our crews in providing service to all district sites	x	x	x	x

8. Budget Detail

Please note that in this draft SLA all allocations are estimated based on the 2018 Amended Final Budget.
All SLAs will be updated with revised estimates after the development of the 2019 Final Budget.

Total amount allocated to schools for this service	\$74,466,197
Amount allocated to each school	\$1,589.74 per acre
Location of Funds (Cost Center Group)	OPFM-0025
Total amount allocated to schools includes	
Salary and benefits for	
<ul style="list-style-type: none"> • 2-Member Landscape crews, 5 crews per NE, NW, SE, and SW regions • 44.5 Site Based High School Gardeners • 11 2-Member Irrigation team and 1 technician position • 4 Supervisor positions 	
Accounts Payable	
<ul style="list-style-type: none"> • \$536,841 	
Allocation Methodology	
Budget allocation per school was determined by the total acreage at each site divided by the total acreage of all sites, multiplied by the total transferred budget. Refer to the attached spreadsheet which indicates the budget allocation per school and the total acreages serviced by CCSD. See Section 11 for allocation by school.	
Additional Budget Information	
Total dollar amount remaining central that supports this service	\$2,564,265
<ul style="list-style-type: none"> • Maintain 50 acres of administrative sites: <ul style="list-style-type: none"> ○ One landscape team, one sprinkler team and small budget \$315,887 • Provide large tree maintenance, yearly sports field maintenance, clear vacant properties, clear large items dumped by our dumpsters, provide street sweeping and disaster event clean up \$965,170 • Provide districtwide small engine repair through the Mower shop \$505,908 • Provide central irrigation support for landscape water use <ul style="list-style-type: none"> ○ Water Manager, Technicians, Repair staff, parts budget \$430,258 ○ Assist New Construction with component location, provide new school inspection, provide third party site inspection of contractors and provide supervision of administrative sites \$347,042 	
All schools will receive Landscape Maintenance services according to the scope of service outlined in Section 7 of this Agreement. Schools will not receive an additional list of charge-back services. Any service required outside the scope of service in this Agreement, will be considered a site-funded project. Site-funded projects must be agreed upon by the school principal and the Landscaping and Grounds Department. Additional exclusions include:	
<ul style="list-style-type: none"> • Any landscaping work in or related to school gardens, except review and finding water mains • Removal of healthy plant material not deemed a health hazard • Seeding or reseeded of Rye grass on Bermuda grass fields • Repair of school-based gas equipment • Repair of landscaping equipment purchased by the school 	

9. Agreement Parameters for Service Level Agreements

- a. Upon the mutual consent of both parties, this Agreement will take effect immediately.
- b. This Agreement remains valid until superseded by a revised agreement mutually endorsed by the stakeholders.
- c. If the parties agree to adjustments to the services provided, adjustments will not go into effect until the following school year, at the earliest.
- d. Any changes to this agreement or future versions of this agreement that may result in the loss of positions or a recommendation for outsourcing must be presented for approval by the Board of School Trustees.
- e. The Principal of the school should discuss this agreement and the services provided herein with their School Organizational Team. The purpose of this discussion is to:
 - i. Inform the SOT as to the services being purchased with the school's budget and the expectations for that service.
 - ii. Allow the SOT to provide advice and assistance toward the principal's option to express a desire to modify this agreement or terminate the services for future school years while developing the Plan of Operation for that school year.
- f. If the principal wishes to modify this agreement or express interest in no longer purchasing this service from the District, the Principal of School should confer with their School Associate Superintendent.
- g. Please note that any changes that may result in a reduction in positions or a recommendation for outsourcing will require approval by the Board of School Trustees.

10. Document Control and Revision History

Document Owner	Josh Chesnik, Director IV, Facilities Asset Management
----------------	--

Revision Date	Description	Author
02/15/2018	Initial development of agreement	Alan Paulson
07/02/2018	Revise budget to align with FY 19 Final Budget	Josh Chesnik
07/03/2018	Minor Revisions to sections 3, 5, 8, 9, footer. Added school allocations and schedule to section 11.	Kellie Ballard
7/15/2018	Revision to allocations based on revision of school list	Josh Chesnik/ Kellie Ballard
